## ABOUT BATEMANS

The Batemans Trust is a small independent charity that supports underprivileged children and young people in Chennai, South India.

Most of the children are accommodated in hostels where they receive all their food, care and education. We have also set up an Open School for those who have not responded well to mainstream schooling.

When they leave secondary school at 16 years old, we provide our young people with the necessary support in terms of accommodation and funding to enable them to continue their education or to gain training.

Our aim is to give each child a happy childhood and to help them to create their own secure and self-sustaining future.
